

fstack::operator!=

fstack::operator==

fstack::cend

```
graph LR; A[fstack::operator!=] --> C[fstack::cend]; B[fstack::operator==] --> C;
```

The diagram consists of two rectangular boxes on the left, one above the other. Both boxes have a thin black border and a white background. The top box contains the text 'fstack::operator!=' and the bottom box contains 'fstack::operator=='. Two blue arrows originate from the right side of these boxes. The top arrow starts from the right edge of the top box and points towards the left side of a third box. The bottom arrow starts from the right edge of the bottom box and also points towards the left side of the same third box. The third box is positioned to the right of the first two, is shaded gray, and has a black border. It contains the text 'fstack::cend'.
