

FE::framework::framework_base

```
graph BT; header_tool[header_tool] --> FE::framework::framework_base[FE::framework::framework_base]
```

The diagram illustrates an inheritance relationship. A gray box labeled 'header_tool' is positioned below a white box labeled 'FE::framework::framework_base'. A blue arrow points upwards from the 'header_tool' box to the 'FE::framework::framework_base' box, indicating that 'header_tool' inherits from 'FE::framework::framework_base'.
