

internal::ECS::entities
::remove_entity

```
graph LR; A["internal::ECS::entities  
::remove_entity"] --> B["internal::ECS::entities  
::last"]
```

A diagram showing a relationship between two code elements. On the left, a gray rectangular box contains the text 'internal::ECS::entities' on the top line and '::remove_entity' on the bottom line. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'internal::ECS::entities' on the top line and '::last' on the bottom line. Both boxes have a thin black border.

internal::ECS::entities
::last
